

NEVADA AGRICULTURAL FOUNDATION
EDUCATION ASSISTANCE AWARD APPLICATION
CHECKLIST

Please note, the selection committee must evaluate 50 to 70 applications to select 12 to 20 recipients. Complete your application in a reader friendly manner. Don't add more than will tell your story succinctly. Pictures are OK if they are pertinent to the question asked. Good Luck!

1. Complete all sections of the application even if "Not Applicable" (N/A) is appropriate. Judges will wonder why it was left blank.
2. Add pages, as suggested on the form, to provide clarity to your responses. Be sure to identify each question you are answering on the added pages, and answer them in the same sequence they were asked.
3. **Be sure you attach your high school transcript**, and if you have taken college credits, provide transcripts for both.
4. It is required to declare a major in an agricultural related curriculum and explain how this major will relate to a future agricultural career
5. Larger, longer, and heavier is **NOT** better!
6. If you were not a member of 4-H or FFA because one or both were not offered, state that, rather than leaving the space blank.
7. Please complete information requested about your family and your hometown newspaper, for public relations reasons.
8. It is important to list any circumstance bearing on your financial situation, without revealing specifics. Number of children in your family and number of them attending college, note single parent families, and health of parents and/or guardians and/or supporting adults is information that may help.
9. Outlined answers can be very effective in telling your story in a concise manner.
10. **Sign and date your completed application, without fail.**
11. Be sure you send the completed application to the address identified.
12. **Your application must be postmarked by March 15.**
