

Tour Rural Nevada with the Nevada Agricultural Foundation

**Saturday September 21, 2019
8:00 a.m. to 5:00 p.m.**

Jump on the bus and ride in air-conditioned comfort as you learn about the Agricultural history and development of the Oasis of Nevada (aka the Fallon area of Churchill County).

Churchill county contains rugged mountain, lakes, ponds and lush agricultural lands in and around Fallon.

Churchill County is a major dairy, beef and produce exporter. The Naval Air station Fallon, agriculture and abundant geothermal resources provide for an extremely stable economy. Churchill County is home of the Navy's Fighter Weapons School, or "Top Gun" and Kennametal, a leader in international metals technology. Churchill county is 100% "green" and exports approximately 300 MW of green energy.

There are approximately 500 farms in Churchill County encompassing nearly 250,000 acres. There were approximately 17,000 beef cows and 13,000 dairy cows reported in the 2017 Census of Agriculture.

Lush Fallon Farmland

Stillwater National Wildlife Refuge

Learn about the diverse agricultural and economic industries located in the Fallon area.

Derby Dam (Part of the first U.S. Reclamation Project)
