January Each Year

Dear Potential Applicants for Research and Development Grants,

The Nevada Agricultural Foundation (NAF) annually reviews applications for Research and Development (R&D) Grants. Projects designed to develop, enhance and sustain a viable Nevada Agricultural Industry will be considered. Projects may be planned for one to three years. Annually NAF plans to award up to a total of \$15,000 for Research and Development.

To obtain a grant application form, visit our website at: www.nevadaagriculturalfoundation.org and click on Forms and it will take you to the page with the information and download for the "Research and Development Application."

Annual reports will keep the NAF informed of progress toward the identified goals of the projects. Annual reports are due to the NAF office by March 1 each year. NAF funding will not exceed 50% of the total project budget. NAF intent is to enhance research and development, not be a sole funding source. NAF does not pay indirect or overhead costs. NAF reserves the right to suggest changes consistent with goals and budget guidelines.

Each R & D Grant request must include all of the information requested on the proposal form. Additional pages may be added as needed.

Deadline for submitting applications is March 1

Notification of grant award is given by May 1

Mail completed project proposal and four (4) copies to:

Nevada Agricultural Foundation
Grants Program
2165 Green Vista Drive, Suite 205
Sparks, NV 89431

Please assist us in providing this information to other interested parties. Thank you.

Sincerely,

Cathy Guild
Executive Director/Secretary
